**Re: Medien Patent Verwaltung AG v. Warner Bros. Entertainment Inc., et al.
Civil Action No.: 1:10-cv-04119 (CM) (GWG)**

Dear Judge McMahon:

This letter is submitted on behalf of Plaintiff Medien Patent Verwaltung AG and Defendants Warner Bros. Entertainment Inc., Technicolor Inc., and Deluxe Entertainment Services Group Inc. (collectively, "the parties") in response to the First Markman Ruling dated January 6, 2012 ("the Markman Ruling").

In the Markman Ruling on page 3, the Court states that "There does not appear to be any dispute that the word 'sequence' means 'series or set.' There may be a dispute over whether a series or set can be a set of one The parties should clarify their positions on whether this issue (can a sequence consist of a set of one) can be resolved as a matter of intrinsic evidence, in letters of no more than two single spaced pages."

The parties have conferred and agree that, based upon the intrinsic evidence, a "sequence" cannot consist of a set of one. That is, a "sequence of markings" requires two or more markings.

Respectfully submitted,
CROWELL & MORING LLP
